Our primary functions are to safeguard people from harm, to assess people's needs and co-produce support plans that enable people to reach positive outcomes in their lives as we carry out our statutory duties, primarily under the Care Act 2014.

The role of the Community Finance team is to ensure that customers are accurately financially assessed, supported to ensure they are maximising their benefits, can access direct payments where eligible, assist them to gather the financial information required and provide advice and support to the customer and/or their representatives. The team also work closely with colleagues and other agencies such as the Court of Protection to identify where possible financial abuse or intentional deprivation has occurred, implement debt recovery procedures where necessary.
